This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

## The Real Russia Scandal: Joe Biden's Quid Pro Quo

"Join my private FB group Remember how the corporate press spent years breathlessly freaking out about Trump and Russia? It was the only story for month after month after month. All we heard was "quid pro quo." Then Robert Mueller released his report and it all sputtered out into nothing. Now Joe Biden is embroiled in his own quid pro quo scandal. And the corporate press don't want to touch it. They've abandoned any pretense of objectivity, because people care more about partisanship than factual news. Tune in today and we'll give you the details. Also, as a reminder, we're taking a long weekend for Memorial Day. So our next show will be next Wednesday. Enjoy the break and make the most of every day. We sure will be. ;)"
