As human beings, we very easily form consensuses. In fact, our ancestors have formed an entire discipline to counter the instinct to collect around a consensus. That discipline is called "science."

When properly practiced, science is the opposite of consensus-building. It's looking wherever everyone else isn't, attempting to find what everyone else hasn't seen. This is where the magic is. Those who change the world are the ones who are willing to study, explore, think, do, say, and believe the things that nobody else will consider. Who don't care what people will say or think about them. There's a "meaning" crisis nowadays. In an era of unparalleled luxury, technology, and opportunity, people feel more disconnected and sad and unfulfilled than ever. If you haven't given yourself permission to do something weird, just because you like it, you're probably missing out on some of the most meaningful experiences of your life. So go be weird, and say that the Wealth Power & Influence guys sent you. +++++ Give your business an unfair advantage in less than 3 minutes a day.
