This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

### 652: Check Your White Privilege

"

I had intended to talk about Facebook today, but I ran off in so many different directions that I never got around to it.

Today we're going to talk about Trump's recent speech at the UN, Hillary's continuous campaign to blame everyone but herself for the election loss and we're going to chat about a San Diego professor who handed out extra credit to anyone who'd take a white privilege survey.

Really good show today,

Jason
