This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definitely worth a listen!

Finding Your Unfair Advantage BEFORE You Launch Your Business

Today we continue our conversation on income mobility and nomadic work by taking a look at the talents, passions and unique background that gives you an advantage over other people who might try to compete with you. This particular training is pulled directly from our new Bootstrap training course and you're one of the first to go through it.
