This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Politics, Podcasts, and Land Whales

Well, the year is almost over. Rather than a wrap up I am having another rant up. There is the usual political nonsense, I talk about podcasting a bit, and wrap up with some thoughts on "Fat positivity" inspired by recent events, involving several "Fat positive" social media "influencers". Just in case the title isn't a giveaway I am not a fan.
