This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

### 619: Michael Malice Joins Me to Talk North Korea.

"

We get a lot of fear mongering coming out of the reporting on North Korea. I've been all over the world, but never over the 38th parallel so...

My perspective, opinion, and analysis of the North Korean situation is based solely on my life experience. That's why I've invited Michael to come and share his insights.

He's a recognized authority on North Korea, and he's got a sense of humor to boot.

I got a lot out of this interview, and I know you will too.

Michael has written a book on Kim Jong Il entitled "Dear Reader" and you can pick up your copy here:
