This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

Inflation, Food Shortages & War: Separating Fact from Fear-mongering

There is simply no way to sugar coat it - things are going to be bad for the forceable future. We have been partying like it's 1999 since...well, 1999. Now the music has stopped and everyone is starting to feel the hangover.

Today I want to give you a few different scenarios on how this thing plays out. It's not going to be pretty but it's better you know the truth than live in the delusion.
