This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

646: Nick Sarwark Talks About the LP, White Nationalism, and Tom Woods

"

I have to say this is the most abrasive interview I've ever done. Nick, to his credit, asked to come on the show even after I warned him it was going to be a non-permissive environment.

Nick and I discuss the recent controversy with Tom Woods, the implications that Tom and others at the Mises Institute support white nationalism and the future of the Libertarian Party.

I'll let you draw your own conclusions as to who won this argument, but there's no question Nick and I differ on a host of issues.

Hope you enjoy the fireworks.
