This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

584: Is Being Rich Immoral? The Case Now Being Made is Shocking

"

Yesterday I read a piece on an obscure website that I won't mention because I don't want to give them any SEO help.

The article was a justification for why it's immoral to be wealthy.

This is an idea that's been around since the dawn of time. What's frustrating is that we know have the economic knowledge that should make these kinds of arguments non-existent.

But because of our poor education system and economic illiteracy, I find myself, yet again, explaining why wealth is important.

I think you'll enjoy today's episode.
