The media is going bonkers over Trumps latest tweets. They're calling his sanity into question while claiming he's calling for violence against the media.

The reality is, both the media and Trump are right...and wrong.

I'll break it down for you today.

Politico has a story out claiming Colorado Springs has tried and failed to create a libertarian paradise.

It's an extremely slanted article, but there's plenty we can learn from the discussion.

I may manage to piss off everyone today. You be the judge.
