This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Free to play, the ads that pay for it, and a crisis of responsibility.

This episode was inspired by my ridiculous amount of time spent on my phone the last couple of weeks, and the general state of the world these days. It might still have a little of the ol' Rona Brain Ramble too but I think I get there eventually. Basically it is all connected, and we have to do better. It is beyond the point of we should. We have to.

Thats all.
