This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

## April 18\_22Where is All this Inflation Coming From?

8.5%. That's the current year-over-year inflation rate. To put that into perspective, an American making \$60,000 a year has lost \$5,100 buying power in the last 12 months.

But where's all the inflation coming from? More importantly, what's can be done about it? Listen to todays episode for all the details.
