This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Doing better in spite of what they want you to do.

Hey everyone. In this episode I have a recommendation for you guys to check out. Late night with Cap. the link will be below, he would love a follow if you don't mind. Also I am gonna vent about the state of the world again, and I know I harp on it a lot but you really need to own your destiny. Learn a skill to make your self more valuable and independent. You need to start yesterday, the situation is only getting worse for all of us, and it is going to take skills, fortitude and strength to come out on the other side of what is waiting.
