This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

More Negative Ranting

I really wanted to run a positive show this week. Honestly. I wanted to do something light hearted and fun. Maybe tell a story or crack a few jokes. However there is just too much wrong for me to do that. The handcart to hell that we all seem to be stuck in is picking up speed, the politicians at the reigns are all treating us like we are stupid enough to believe them when they lie to us, and we are too busy fighting each other under the fanning of the flames by the media to focus on the real source of our problems. None of it is an accident, none of it is by mistake, and none of it is good for us.
