This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

What is Meaningful Work?

The idea that personal fulfillment could be a consideration in our occupation is a relatively new idea. We talk a lot on this show about how self-actualization plays an important part in our overall happiness but when it comes to our occupation, what does it mean to do “meaningful work”?

?Today we’re going to explore that concept in the hopes it will help you make better decisions about the carrier path you choose.
