This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Flock Cameras, Firearms, and the Kentucky Tortise

OK, so this episode was gonna be short, till it wasn't. I came in late, with one thing at the top of my mind. It quickly goes off the rails and we talk about the current state of Mitch McConnell, the growth of big brother in America, Graham Platner, firearms, and some other things when I start letting the chat guide the course of the conversation. It was rushed, chaotic, and a bit of fun. Hope you enjoy it.
