I've been sitting in the studio for the past hour listening to one slimy politician after another get behind the mic and feign outrage over Trump's comments yesterday.

And over what? Trump suggesting he might not trust our intelligence community? Well let me be the first broadcaster to go on record saying "I DON'T TRUST OUR INTELLIGENCE COMMUNITY!!"

They lie to us repeatedly and show a blatant disregard for the truth and our constitution. However, I don't think the president intended to insult our intelligence officers in the Q&A with reporters. I think he's just not all that bright. Listen to the show to find out more.

As promised I've got a full breakdown of the Chicago shooting that's sparked 3 days of riots. Was it justified? Listen now.

Finally, after making 20.5 million dollars over the last 12 years, former President Obama had the balls to complain about wealth inequality. It is one of the most hypocritical speeches I've ever heard and I've got some great commentary on it.

Enjoy!
