This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

We're back.....sorta

Well, I got the rig up and running. So far so good. However I still need to get the editing stuff dialed in so for this week you're getting another raw video episode. In this episode I talk about the usual suspects. How stupid I think DSA supporters are, and how the leftist dinosaurs are pandering to them trying to stay relevant to a movement that is leaving them behind, so they swallow their dignity and common sense so they can continue to be the worthless parasites they are. Then I talk about the WNBA a little and give out a recipe for a New Orleans style marinated grilled shrimp.

Bone apple teeth.

go do all the stuff so I don't feel like I am wasting my money having a website
