This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Mass Media Firings & Viva La France!

I am no fan of mass media, and that is no secret. But it has been on my mind this week so you get to hear me vent about it. Also tangeal to that, how much have you heard about what is going on in France? I'm betting not much. There is a reason for that, and I talk about my thoughts on that particular matter too. And talk about what I think we should do about things. As usual.
