This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

575: Neo-Cons Salivate Over Trumps Comments on Syria

"

Yesterday Trump said his views on Syria and President Assad had changed. Neo-conservatives must have been salivating at the idea that Trump might approach Congress about an authorization to go to war.

Senator John McCain is certainly excited. He not only wants a war with Syria he wants Assad replaced, Russia and Iran punished and deeper military involvement in Iraq and Afghanistan.

Does anyone else see a problem with this?

Rep. Thomas Massie does, and he braved a CNN interview with some talking-head in a skirt to share his thoughts.

I'll break down the debate, and we'll also talk about the Nu-CLEAR option and Obamacare.

Thanks for your support and as always, share the show!
