Lets kick 2023 in the Taint

Happy New Year everyone. In this episode there are a couple of life updates, a little rambling about my plans for this year, and some general thoughts on making the world a better place. The ranting and humor will be back soonish, but for today here is to hoping that we all have a better year this year than last, and lets work together to make it happen. Time to kick this year in the taint.
