This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

A Thread about free speech

There was a lot going on this past week. Some of it important, some of it trivial. However the biggest thing to happen this week got practically no coverage from the main stream media outlets. They are not your friends. But I talk about what I believe was the biggest thing that happened this past week, and why I think it matters. Also go cop some schwag from horribledesigins.com . They are big supporters of the show, and the stuff is cool. I would appreciate it if we supported them back. Use code IHADTOSAYIT for 15% off your purchase.
