This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Bus Routes, Wildfires, Budweiser, and Concerts for Inflation

So this week there was a few things to talk about. Some stupid stuff happened on the first day of school in Kentucky. Paradise is burning, and we sleepy Joe wants another 24 billion for Ukraine. Budweiser is still feeling the ripples of giving Dylan that can. And last but not least the relief from inflation may be right around the corner.....thanks to TayTay and Queen Bey? Anyway it's a lot.
