Today my very special guest is Tim Kennedy who many of you know has made quite a name for himself in the world if MMA, self-defense, and personal protection.

Tim has recently launched a new podcast to complement his company, Sheepdog Response and you can find out more about both at his website.

We cover a lot of ground in this interview, and I think you're going to get a perspective on foreign policy that runs contrary to current libertarian opinion.

In the end, I was impressed with Tim. It was a pleasure to have him on the show and I suggest you go check out his podcast.
