This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

Hearings, insurrections, and red flags

Another fun week here in the US. Both sides are calling the other side all kinds of fools, liars, and degenerates. Meanwhile the powers that be continue to do what they please unchecked. It is like the worst dinner theater on the planet. There are ways to fix it, but they are uncomfortable and will take work, so I don't see it happening any time soon. My thoughts are here if you are interested.
