This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

659: The Clinton Uranium Scandal

"

Well, there always seems to be a bombshell that drops while I'm out of town and this time it was a new Clinton scandal.

The irony that Bill and Hillary, two people who tried hardest to burn Trump over a Russian scandal, find themselves exposed to their own Russian connection. Not for power but for profit.

But before you go thinking we've got the Clintons dead to rights we need to talk about the facts.

Unfortunately, the media is either ignoring the story, or they're playing it up like it's treason. The truth, as I read it, is more complicated.

I'll break down the story today, and I'll bring you up to speed on what's been happening while I was gone. I was traveling quite a bit and had a couple of adventures.

Enjoy,

Jason
