602: James Comey Drops a Media Bombshell on Trump

"

Here's a question for you...

Does the President have the right the ask the director of the FBI to drop an investigation?

I mean, the president is the head of the executive branch, and the FBI is part of the executive.

We're going to talk about it today. Either way, it's terrible optics for an administration that is already struggling.

Trump is about to announce a plan to create an "Arab Nato."

Mark my words, we are getting ready to arm our future enemies.
