This is another podcast from one of the many podcasts that I like to listen to. This one is from the Jason Stapleton Program, definately worth a listen!

### 612: The Jack Spirko Episode

"

I know you like talking guns, survival and the end of the world....

Well, maybe we'll skip the "end is near" discussion, but we are going to talk a lot about becoming autonomous in a world that is increasingly dependent on government.

Jack runs the highly successful Survival Podcast. You can check it out here:

But Jack didn't start out living off the land. He came from the world of online marketing (a man after my own heart) and discovered both a joy for podcasting and a passion for sharing his ideas and insights with others.

Jack is crushing it. This episode is going to enlighten and inspire you. Give it a listen.
