672: The Al Franken Story Pisses Me Off

"

Yesterday I went on a tirade over the wall to wall coverage of the various sex scandals hitting the news. It's all partisan, and none of it matters.

Last night while I was trolling the interwebs looking for good stories I ran across the infamous picture of Al Franken "groping." a young actress and model back in 2006.

Up until then, I'd only heard the conservative commentary about the incident on the radio. To listen to them tell it, Franken fondled some poor woman while she was sleeping and had some idiot take pictures of it but the image itself shows a very different story.

When I saw the photo I got angry...really angry and I started doing some research, and it turns out the real tragedy, the real crime wasn't what's shown in the photo but what happened before, and after the incident.

I'll run through the entire story today and give you some perspective you won't get from Main Stream Talk.
