This is another podcast from one of the many podcasts that I like to listen to. This one is from the I Had to Say It podcast.

And we're Back. Again

Ok so I know that I didn't upload an episode last week. More technical difficulties happened. There is an episode on the youtubes if you really need your fix. But we're back to it this week and I got stuff to say. In this episode I wax about the election results, the way I think things are going to go, and talk about a cool thing I did over the weekend with George and some of his friends. Go watch the show on George's channel, after you listen to this that is. https://youtu.be/fTTbazXjyCE
